

Lessons

A cello lesson with Sam is not what you'd normally expect; though Sam is classically trained, his instruction goes a more contemporary direction. Sam teaches topics like:

- Improvising on your instrument
- How to use your ear to learn a new song
- How to use chord progressions on your cello
- How to have fun practicing
- How to record yourself at home
- How to use a loop pedal
- How to think at a gig
